

THROW LEVER

FOLLOW THE ACTION. ZOOM IN FAST.

Stay in control with fast magnification adjustments.

Compatible with Crossfire® HD (except for Crossfire® HD 1.5-5.5x32 Scout Scope), Viper® HD and Triumph™ HD riflescopes.

INCLUDED ▶ 44mm Throw Lever ▶ 2mm Screw ▶ 2mm Custom Tool

Attention: Ensure firearm is completely unloaded before making any modification. Unload, check inside the chamber, and remove any ammunition from the area.

Installation Instructions

1. Slide the 44mm Throw Lever over the eyepiece and onto the magnification ring.
2. Insert the screw through the unthreaded hole and tighten only until snug and does not slip when rotated. Only 2 in-lbs are required to hold the throw lever in place.
3. To adjust, simply loosen the screw and reposition the lever to a more comfortable position. Then, retighten the screw.
